## Trail Guide (TG) – Woodlands Trail

**Date posted**

July 24, 2025

**Lead the Adventure. Mentor the Next Generation. Be a Trail Guide.** Our Woodlands Trail boys need dedicated men to guide them. As a Trail Guide, you will have a direct impact on a small patrol of boys, leading them in hands-on activities and helping them grow in character and skill.

### Why be a Trail Guide?

- **Direct Mentorship:** You are the primary leader and role model for your patrol.
- **Team-Based Leadership:** You'll work with a team of 2-4 men, sharing the responsibilities and rewards. You are never on your own.
- **Lasting Impact:** Invest your time and talent in building capable and godly young men.

**Qualifications** We are building our leadership teams now for our Fox, Hawk, and Mountain Lion patrols. Step up to the challenge and join us in this critical ministry.

- Christian man\* age 18 or older
- Registered Adult (or eligible to be registered)

### Core Duties

In service to our troop and its families, Trail Guides collaboratively fulfill these essential functions:

- **Shepherd the Patrol:** You will work within your leadership team to skillfully deliver the bi-weekly curriculum, transforming lesson plans from Trail Life Connect into memorable, character-building experiences for your patrol.
- **Uphold Our Commitment to Safety:** As a mentor, you are entrusted with the well-being of our youth. You will demonstrate a steadfast commitment to this trust by ensuring a safely supervised environment and diligently adhering to all youth protection policies of Trail Life USA and Christ Reformed Presbyterian Church.
- **Foster a Community of Trust:** You will build strong, cooperative relationships with parents, serving as a reliable source of communication and ensuring they remain engaged and informed partners in their son's Trail Life journey.

### Additional Responsibilities

- **Communication:** Keep leaders aware of your availability for meetings. Stay current with the troop calendar to provide timely updates to your patrol members and their parents.
- **Training:** All Trail Guides are required to complete the [Woodlands Trail Volunteers](#) module on Basecamp before beginning, and finish [Peak 1](#) and [Peak 2](#) trainings (either online or [in person](#)) within their first year.
